SIENA

one of the most beautiful medieval towns in Italy. The city sits over three hills. The heart of the city is the huge piazza del Campo, known worldwide for the famous Palio run, a horse race run around the piazza two times every summer. Movie audiences worldwide can see Siena and the Palio in the James Bond movie, Quantum of Solace. The Campo is dominated by the red Palazzo Pubblico, the Public Palace, and its tower, the "Torre del Mangia". The Dome of Siena was built with marble at the same as the Public Palace, at the beginning of 1300.

SAN GIMIGNANO

known as the City of Beautiful Towers, is one of the UNESCO world heritage centres. It is a classic medieval walled hill town in Tuscany, surrounded by rows of vineyards producing the famous wine Vernaccia. Its medieval towers create a wonderful skyline visible from the surrounding countryside. The towers (some reach a height of 50 meters) were built by aristocratic families in medieval times to demonstrate their wealth and power.
