Julia Scherbina is the president of International Pedagogical Association EVOLSCH.

She graduated in history and social sciences and has been working as an educator.

For several years she is engaged in the development of didactic based on the transdisciplinary approach to learning.

Julia Scherbina has developed a unique concept for middle school EVOLSCH (EVOLution adopted as a matrix for the formation of the new model of the School).

Julia Scherbina ist an author of several articles and following books: "EVOLSCH. Outline of a new trainings model "(2009) and "EVOLSCH – learning model of the era of globalization " (2013).

She has developed the basic activities of transdisciplinary research center EVOLSCH and a program of international pilot project.

She has taken part in several international scientific conferences in Russia; Bulgaria, Germany and the USA.
