Veerle Van Raemdonck is lecturer and researcher at Erasmus University College Brussels and the Vrije Universiteit Brussel in the department of education.

She graduated her Master in Kinesiology in 2001. Since 2010 she is a Phd-student at the Vrije Universiteit Brussel. Her research area is situated in the educational sciences of motor activities, more specifically, training strategies and methodology of teaching first aid and cardiopulmonary resuscitation. In this area she is co-author of several educational publications for schoolteachers and coaches.

Veerle Van Raemdonck has previously been working in the field of sports management and training courses in sports management. She is involved in the Vlaamse Trainersschool as an expert in teaching lifesaving, first aid and resuscitation. She is an instructor of the Flemish Red Cross, the Belgian Resuscitation council and the European Resuscitation Council.
