Dr Wally Smith is a Senior Lecturer in the Department of Computing and Information Systems at The University of Melbourne.

His areas of research and teaching are interaction design, knowledge management, and the social aspects of information technology. He is the Coordinator of a Master of Information Systems.

Dr Smith is currently a lead investigator on a project with Office of Learning and Teaching (Australia) to study the use of mobile technologies in student field work; and also on a project with the Australian Research Council to study the use of social media to support smoking cessation.
