Gabriela Eugenia Iacobescu is associate professor PhD in Physics, vice-dean of the Faculty of Exact Sciences and the vice-president of the Lifelong Learning Department at the University of Craiova, Romania.

She graduated in Theoretical Physics from the University of Craiova in 1991. Since then she has been teaching at different level of education, from the secondary school to university.

She is member of The Romanian Physical Society, of The European Society of Physics, of the Romanian Medical Physicists College affiliated EFOMP and IOMP. She is trainer and project management expert, national evaluator for the study programmes in Physics at university level, and the ERASMUS coordinator of the Faculty of Exact Sciences.

Gabriela Eugenia Iacobescu participated as representative for the University of Craiova in the project Stakeholders Tune European Physics Studies – Two (STEPS TWO) which aimed to provide EU universities with a support in implementing reforms in physics education and to respond to lifelong learning priorities.

Review of the scientific activity: manager of 5 international (LLP: Comenius, Multilateral Projects, Networks, Accompanying measures, and research grants), more than 50 scientific papers (23 published in ISI quoted journals), author of 6 scientific books and 15 invited lessons (7 about education in physics), more than 40 presentations at national and international conferences.
