Esin Tezbaşaran, Instructor in ITE Programmes

She graduated from Statistics Department from the Middle East Technical University in 1994. After graduation, she attended Gazi University to get her teaching certificate. She worked in Research, Planning, and Coordination Council at the Ministry of National Education between 1998-2004. She was the responsible for two international projects comparable educational indicators at the Ministry. One of these was OECD-Indicators of Educational Systems (INES). She was the technical leader of Turkey in this project. The other project was the Education For All (EFA). She was in the team that prepared The Education For All 2000 Assessment of Turkey Report. She got her BA in Measurement and Evaluation at Hacettepe University.

She is currently working at Mersin University-Education Faculty and her Phd study is in progress. She teaches the courses such as Statistics, Measurement and Evaluation in Education, Scientific Research Methods, Monitoring and Formative Evaluation.
