Gloria Padura is the president of Arts & Education Association.

She has a degree in Acting, Dramaturgy and Direction by the High Royal School of Drama and she is finishing her studies of phd in Carlos III University in Theatre Theory. She has also studies in Politics and Sociology by the Complutense Madrid University.

Gloria Padura has been working during the last years especially in the areas of education, training and culture as well as she is an active theatre director and her research has been focused in the relationship between arts, education; new languages for theatre and arts; new media and digital performance.

She has been involved as project director in different international cultural and educative programmes with different universities in Europe, Middle East and USA. Since last three years she is collaborating with different institution and companies preparing projects for different programmes of the European Community as: Leonardo Da Vinci, Media Europe, and Culture programme.

Gloria Padura has also been working organizing European and national events, conferences, promotional actions and meetings for a wide range of institutions, companies and professional bodies as the DG XVII of Energy of the European community, pharmacy industry, and renewables energies sector in Spain in IDAE or Asociación Empresarial Eólica.

Gloria Padura is often invited as a speaker and teacher to present her experiences in the area of arts and education, and she has been involved in the planning and design of exchanges and cultural weeks especially during the last 10 years in Universities of Berlin, Belfast, Amman, Cambridge, Utah, Cleveland and Wooster and the Chamizal National Memorial (El Paso-Texas).

She is member of the group "Ometeca", who is involved in the promotion of the relationship between arts and sciences.
