Shannon Haley-Mize completed doctoral study in Special Education with an emphasis in emotional and behavioral disorders at The University of Southern Mississippi in Hattiesburg.

Past experience includes work with students in a psychiatric day and inpatient treatment setting, federal grant administration, and service-learning program development. She also completed a graduate degree in early childhood and served an educator, early interventionist, and administrator in an inclusive early childhood education setting.

Research interests include new literacy studies, technology integration in P-16 education, and use of technology to support successful teaching and learning.
