Paola Chesi is a researcher at Fondazione ISTUD, an independent business school that operates in Europe in the field of executive education, advanced lifelong learning and management research.

She graduated in Natural Science from the University of Torino in 2004. Since then, she has constantly been working in the field of research, both related to Education and Medical Humanities.

Paola Chesi is an expert in the analysis on pathway and social organization for disabled people, focusing in particular on the areas of Narrative Medicine, Storytelling, Education and Training.

So far Paola Chesi has been involved as project coordinator in 3 projects funded by the European Commission. Currently, she is involved as researcher in the EU funded project "T-Story - Storytelling applied to training" 530860-LLP-1-2012-1-IT-KA3-KA3MP and she coordinates a partnership of 7 organizations throughout Europe, including universities, public authorities, training organizations, schools, research centers.

She is also the project coordinator of the First Italian Master on Narrative Medicine, a specific training course organized by ISTUD Foundation to promote Medical Humanities and Quality Care among medical professionals.
