Cinzia Laurelli is an independent consultant and co-ordinates the project Art for Roma Children for the International Yehudi Menuhin Foundation.

She is graduated in Architecture from the University of Florence (IT), she has carried out post-graduate studies at Tokyo University (Japan) and held the position of visiting scholar at Columbia University (NY, US).

Cinzia has 20 years' experience in European Policy and Programmes with an extensive expertise and knowledge of EU policy and practices; she is based in Brussels and has worked in management position for both profit and non-profit organizations, in humanitarian aids and education sector and as evaluator for European project in EU Framework Contracts.

Expert in project management she is now working as advisor and co-ordinator of European co-funded projects in European and extra European countries on children education and culture.

Her responsibilities include designing and coordinating European education projects, developing fund-raising strategies, setting priorities, and goals, researching and identifying potential donors and project partners, preparing presentations to deliver to potential donors and key stakeholders and overseeing event planning.
