

# **Personalized Learning, Self- Directed Learning, and ICT**

**Anches Holzweber,  
University of Applied Sciences Burgenland,  
Eisenstadt, Austria**

# Your ideas?

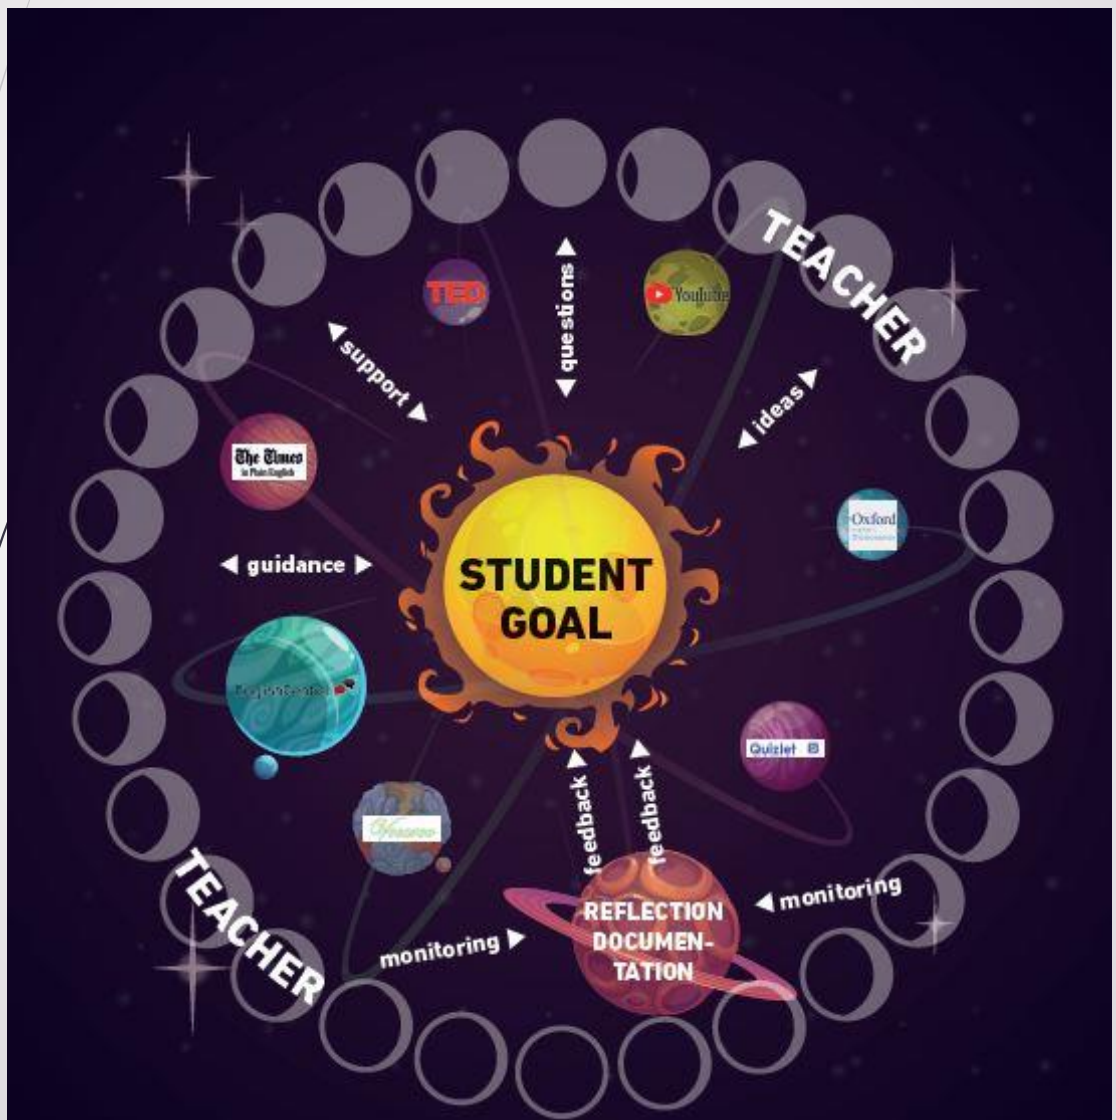

- What do you, as teacher or educator, want?
- Where do you see your students at the end of their course?
- What has changed for them?

# What I want

- ▶ students have reached their goals
- ▶ students have made progress
- ▶ students who are eager to learn
- ▶ students who sustainably engage in learning
- ▶ students who are motivated
- ▶ students who are dedicated

# Personalized Learning- The Learner's Universe

# SELF DIRECTED LEARNING

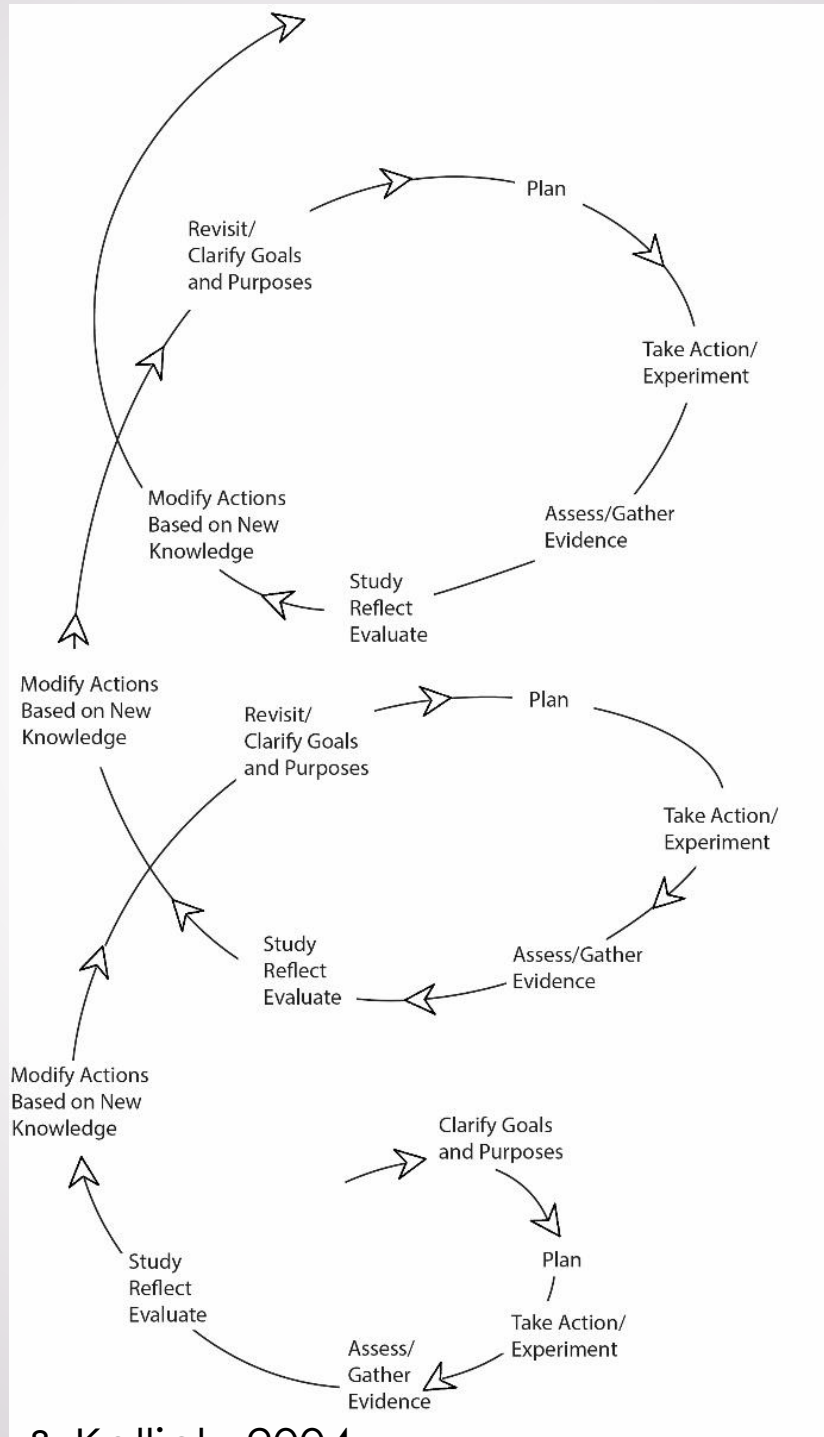

# Self-Directed Learning

Students...

- ▶ choose focus
- ▶ set SMART goals
- ▶ choose tasks/methods they like
- ▶ manage their time themselves
- ▶ create their own learning environment
- ▶ document
- ▶ reflect

# Feedback Spiral

Costa & Kallick, 2004

# Self-Directed Learning...

...means

- being self-managing
- being self-monitoring
- being self-modifying

# Self-Directed Learning...

- *International Business Relations*
- counts 30% of the course
- self-study time
- approx 15hrs/semester

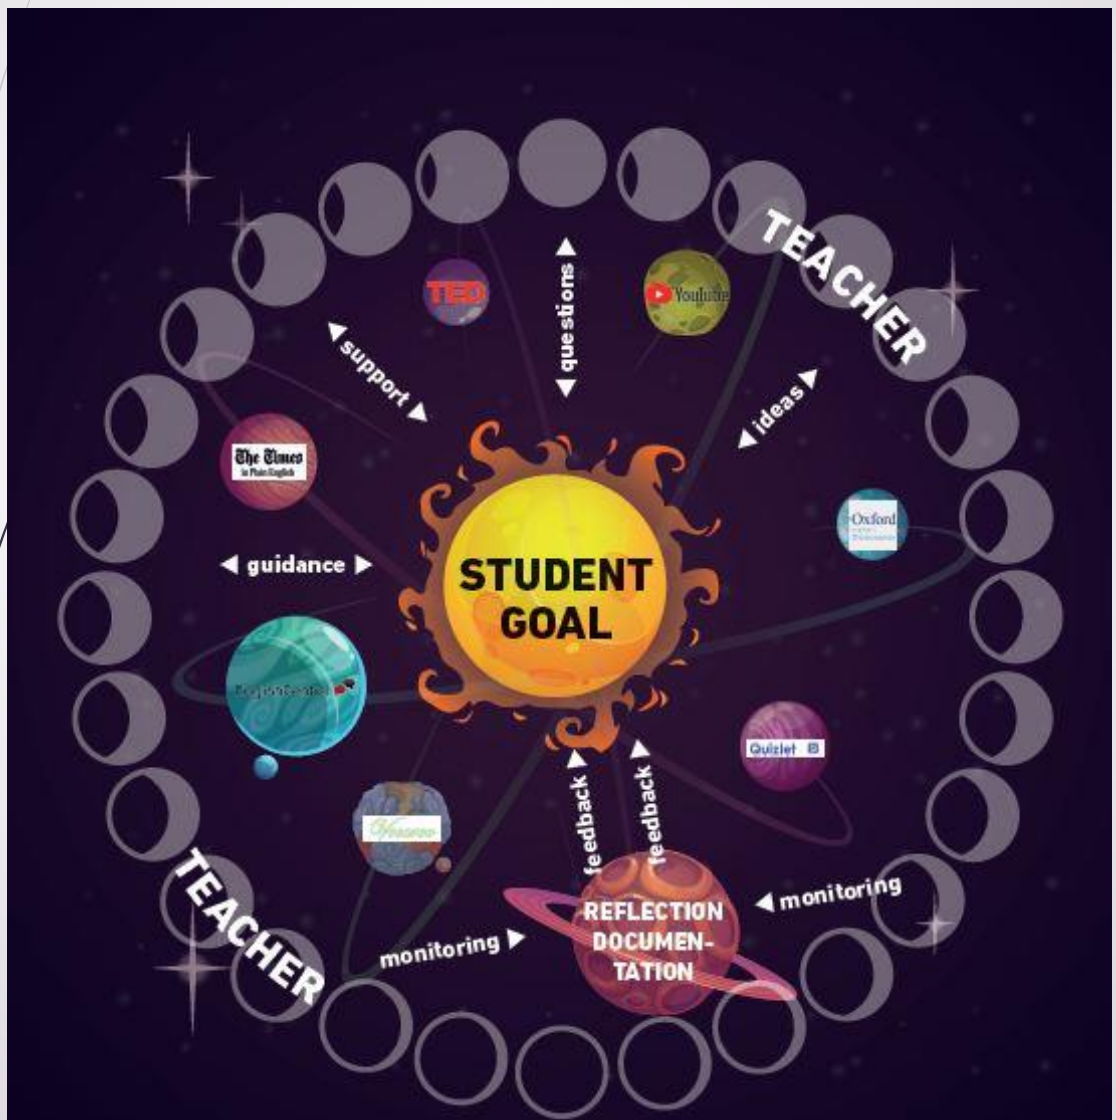

# Example

- Goal Proposal
- Documentation/Reflection
- Assessment sheet
- Final report

# Personalized Learning- The Learner's Universe

# ICT

- resources
- tools
- apps
- access to education
- flexibility re time and location
  
- software
- storage for tasks and documentation

# Personalized Learning- The Learner's Universe
