Naoshi KANAZAWA is an associate professor at Nara National College of Technology.

He graduated in Master Program of TESOL and Bilingual Education at the University of Findlay, Findlay, Ohio, the U.S.A. in 1994. After that, he furthered his study in Ph D. Program in Applied Linguistics at Boston University, Boston, Massachusetts, the U.S.A. (A.B.D.).

He is an expert for the curriculum development and the instructional design of teaching English in Japan.

He has worked at Nara National College of Technology for 14 years.

He has collaborated with the science magazine publisher, "Newton," and developed the e-Learning materials for teaching English.
