Liivi Jakobson is a university lecturer in Swedish as Second Language at Dalarna University, Sweden.

She graduated in Roman- German philology (German), literature and language teaching from Tartu University 1986, Estonia. She is Master of Education for the Upper Secondary School in German and English. Liivi Jakobson has Degree of Bachelor of Arts with a major in Swedish as Second Language from Dalarna University.

She is a former teacher in German, English and Swedish as Second Language. She has been teaching foreign languages in the physical classroom for students/pupils from different countries and in different group constellations (groups from very few up until 80 students) for about twenty years.

At Dalarna University she is involved in courses for active and prospective teachers of Swedish as Second Language. She has been responsible for Swedish as Second/Foreign Language courses to guest students and exchange students at Dalarna University.

Since 2008 she has planned, designed, developed, delivered and evaluated web-based Swedish language courses. She is exploring new methods in web-based language teaching and technology and she is writing her Master's dissertation about assessment in web-based language learning environment.

Liivi Jakobson's academic interests are linguistics, bilingualism, language acquisition and intercultural communication.
