Roya Khoii is assistant professor at Islamic Azad University, North Tehran Branch. She received her PhD in TEFL from Islamic Azad University, Tehran, Higher Education and Research Complex in 1997. She became a faculty member in 1992 and has been teaching various courses in the field of TEFL at BA and MA levels for about 20 years.

She has supervised more than 50 MA theses and written and translated more than 30 books and papers. She worked in the Test Construction Centre of the Iranian Measurement Organization for 6 years (1999-2005).

In 1999 she started working in the English Language Translation Department of the Sadra Islamic Philosophy Institute, and since then she has been translating various philosophy books and papers from Persian into English.

Her major areas of research are foreign language testing and teaching. She has also participated and presented research papers in several national and international conferences. She also participated and presented a paper in ICT 2010.
