Johanna Salomonsson is lecturer in German at the academy of languages and media at the University of Dalarna, Sweden.

She graduated as magister of English and German at the university of Örebro in Sweden 2004. 2005 she started her PhD studies at the University of Stockholm. Her dissertation Verbale Interaktion mit missverstehen. Eine empirische Untersuchung zu Deutschsprachigen Diskussionsforen was defended May 2011.

Johanna Salomonsson's research field is mainly concentrated on different aspects of interaction on the internet. She focuses on social interaction, i.e. how interlocutors use face work in different kinds of communication. She is also working on a project about pupils' attitudes on computer assisted language learning (CALL).
