**Web:** [www.cifosal.com](http://www.cifosal.com)

Luis Mario García Lafuente is the Director of the International Department in CIFESAL.

He holds a Degree in Physics, and he has worked for more than 15 years in international work and project management, both in public and private institutions.

Mario has performed managerial and executive tasks. He has coordinated international projects of large scope in the sectors of Education, Research and Foreign Trade. He works as external consultant for private companies in foreign trade, and as advisor for the evaluation of EU funded projects.

He has cooperated in the drafting of operational handbooks for implementing management, control and evaluation processes for public and private institutions.

He has got experience in knowledge transfer: international papers on training methodologies, conferences on management and direction of international projects, as well as training and coaching.

Working languages: Spanish, English and French. He can understand basic Italian, German, Dutch and Arabic.
