Thomas K. Hansen is a Project Manager and Development Consultant at the Resource Center for Integration in Vejle, Denmark.

He is a Ph.D student in the area of Speech Recognition and Language Learning and has a Master's Degree in English and Linguistics from the University of Southern Denmark (USD) and University College London's (UCL) dept. Of Phonetics and Linguistics.

He has worked as a researcher at USD in the area of language acquisition, and the use of speech recognition, speech synthesis and animated agents for learning and correction purposes and has published a number of articles in the area, as well as given a series of talks at various conferences.

Currently Thomas K. Hansen is the Project Manager and co-owner of the 3D immersive language and culture learning platform "The Hunt for Harald" – a platform for teaching Danish to foreign learners.
