Dr. Ines Bruenner is a research assistant and director of the language learning center at Leuphana University in Lüneburg Germany.

She gained her PhD in the area of Teaching German as a foreign language using digital media at Technical University of Berlin in 2008. Since then she has been working as a German lecturer at Colleges and Universities in the US, Hong Kong and Germany.

Her main focus is the use of digital media in the foreign language classroom covering every aspect of the teaching and learning scenario. She is interested in foreign language acquisition and brain-compatible language learning.

Currently Dr. Ines Bruenner is involved in redesigning the language learning center at Leuphana University. She also teaches German as a foreign language including tandem courses.
