Xiaohui Han is the professor of School of Foreign Languages, Harbin Institute of technology

Xiaohui Han got BA in English from Heilongjiang university and MA in foreign linguistics and applied linguistic from Harbin Institute of Technology,

Xiaohui Han's major research areas include TESOL and linguistics with an emphasis on pragmatics and semantics. These researches develop into interest in interlanguage pragmatics, an area she is currently studying.

Han Xiao has taught in the School of Foreign Languages of HIT since 1990. She taught the graduates semantics, comparative study of Eastern and Western cultures. She was also popular with the undergraduates in her innovative language teaching. She has received praise from the School Teaching Administration.

Xiaohui Han has supervised over twenty BA graduates since 2001 and about ten MA graduates since 2008
