Karina Olmedo Casas is a PhD Student in the programme: "Teacher Education: Educational Practice and Communication".

She graduated in Educational Science at the Venezuelan Metropolitan University in 2003. She has completed two Master Programs at the University of Barcelona. She worked as a lecturer in University Simón Bolívar in Venezuela and also at the Metropolitan University.

Karina Olmedo, has been involved in the coordination and development of European projects. Her research work is related to: ICT and Education, e-learning and mobile – learning in different contexts, and also professional and technological skills of university teachers.

She will present the communication "USING MOBILE DEVICES IN E-LEARNING PROGRAMMS", which is a description of a stage from a larger study. She will be representing the Interactive Media Lab (LMI).

LMI is an R+D+i centre at the University of Barcelona, specialised in the field of Education and Media, recognized and funded by the Catalanian. The Lab's research interests are:

- digital audio-visual communication
- (meta)narratives and audio-visual and multimedia syntax
- artistic forms of participation
- technology enhanced learning environments
- evaluation of learning with ICT
- digital literacy
- diversity and social inclusion in media contexts
- screens and childhood
