Filomena Capucho is a professor at the Portuguese Catholic University and researcher at CECC of the same university.

She is the executive coordinator of the network REDINTER - Rede Europeia of Intercompreensão, funded by the European Commission under the reference 143339-2008-PT-KA2NW. She also participated for over 20 years in European cooperation projects.

Doctor in Contrastive Interactional Sociolinguistics, Filomena Capucho is an expert in discourse analysis and communication. Her main research interests concern Intercomprehension, including the epistemological aspects of the concept and its educational applications to new audiences.
