Gunhild Drabløs is Senior Adviser at the Norwegian University of Life Sciences.

She graduated from her teacher training education at Sagene University College in 1981. In addition she holds a Master's degree in Political Sciences from the University of Oslo in 1999.

From 1986 – 2001 she worked as consultant and manager of in-house professional development and management programs in public and private companies, and as a university teacher in pedagogics.

She is an expert in work-based education and training, and knowledge transfer in connection with research and development projects (R&D projects) at national as well as EU level.

Since 2001 she has been project manager for several life long learning projects, involving university, research institutes, federations and industrial enterprises.
