Dr Awan is currently a Lecturer at the Institute of Education at the British University in Dubai.

She is responsible for leading the Information and Communication Technology (ICT) in Education stream of the Masters programme. Dr Awan holds a PhD from the University of Portsmouth, U.K. Her research focuses on the use of technology to assist teaching and facilitate formal and informal learning, nutrition education and students career conceptualisations. She has teaching experience gained in the UK, Belgium and Japan and has conducted e-learning policy research for the European Commission.

Most recently she has received research funding from The Emirates Foundation to investigate the issue of dietary and physical health beliefs, attitudes behaviours in Emirati children attending public schools in Dubai.
