Lavinia Haiduc is currently studying Psychology at Babes-Bolyai University. Prior to this, Lavinia obtained the BA degree in Anthropology, in 2008, and the MA degree in School Counseling, in 2010.

Lavinia became increasingly engaged in the issues facing 21st century education, participating in various projects and conferences on this topic. Besides being a student in Psychology, she has been working in a project research focused on self-regulation and metacognitive skills of high school pupils. She's main interest is in educational psychology, specifically in the field of self-regulation and psychological resilience research.
