Miss Saraswathy Nalatambi graduated in Analytical Chemistry from University of Malaya. She was a teacher at Stella Maris High School from 2001 to 2006. She joined Sunway College in 2006. She lectures the subject chemistry for Monash University Foundation Year. She is the Chemistry subject leader, where she does mentor junior lecturers, chief invigilator for external exams, vetting external exam papers for Chemistry. She also resolved and troubleshot student and lecturer's issues and problems.

She became interested in research as a sophomore when she enrolled in master's program in University of Malaya. After graduated, she had published journal articles on water analysis. She expands her research interest into teaching and learning strategies too. She does lots of action research in chemistry education. Besides that she has attended a few conferences on chemistry research and also in education.
