Ciprian Fartusnic is deputy director of Institute of Education Sciences and a senior researcher within the Education Policy Department

He graduated in Philosophy – Moral and Political Philosophy from the University of Bucharest in 1998 and a MA Program in Public Policies at the same university. Since then he worked as a researcher and graduated a PhD. Program in the field of education policy-making process and civil society participation.

Ciprian Fartusnic has an extensive experience in designing and conducting applied research projects and policy analysis focused on access to education of disadvantaged groups, rural education, teacher in-service training and financing mechanisms in education. Other areas of interest are related to learning regions/cities development, quality assurance policies and evidence-based education management.

Ciprian Fartusnic has also more than 10 years experience in co-ordination of projects funded by the Lifelong Learning Programme, UNICEF Romania, World Bank, and structural funds and conducted local and national level trainings for teachers, school managers and education decision-makers.
