Anabela is the Vice-Dean of the School of Accounting and Administration of the Polytechnic Institute of Porto where she also lectures in the field of Marketing.

She graduated in Business Assistance from ISCAP in 1989, completed her Master's Degree in Universidade do Minho in 1996 in the field of Science Education, and completed her PhD in Universidade do Minho in 2002 in the field of Management Information Systems.

She is the Editor in Chief at the International Journal of Technology and Human Interaction, a research member at the CIEO and the Algoritmi research centres.

At the moment she is the Head of ISCAP's Project Management Office and, among others, she coordinates the "Love Language & More" LLP project.

Anabela is often invited as a speaker or expert at International Conferences to present her European cooperation experiences and the European projects in which she is involved mostly with a wide range of institutions throughout Europe including universities, public authorities, training organizations, schools, research centres, etc., funded by the Lifelong Learning Programme.
