Alice Bajardi is a PhD student and an art education professor.

She graduated in Fine Arts - Painting from the Fine Arts University of Rome in 2007 with an experimental thesis in pedagogy and art education, in collaboration with schools and educational departments of museums. She continued her studies at the Fine Arts University of Bologna and in 2009 she began teaching art in secondary schools and high schools.

Currently, Alice Bajardi, in collaboration with the Department of Plastic, Musical and Corporal Expression of Granada University, is conducting research on teaching tools and methodologies in different educational environments (museums, schools, universities). In 2011 she experienced Didart, a European e-learning project of art education, proposing it to students (teacher training) of Granada University.

Alice Bajardi has been presented the results of his works at international conferences and collective exhibitions. She has had over ten exhibitions in Italy and in Spain of her paintings, sculptures, photographs, performances and educational works.
