Fausto Medina Esparza is a doctoral student in educational sciences.

He graduated in Pedagogy from the University Veracruzana in 2006. He has a master in educational sciences from Institute for Educational Research and Development in 2008.

Fausto Medina Esparza has experience in educational guidance in middle education. He has participated in recovery groups as academic coordinator, as a speaker at two conferences on social services in the Autonomous University of Baja California.

He has also two research visits: the first in the General Guidance and Educational Services for the Univesidad Nacional Autónoma de México, and the second in the administration area of the Autonomous Metropolitan University.

Currently, he is developing a research about tutoring services and guidance in middle school of Ensenada in Baja California Mexico.
